### Additional requirements for student mobility

Course work	<ul style="list-style-type: none"> <li>All exchange students are expected to aim at a minimum workload of 20 ECTS/semester of course and/or thesis/project work.</li> <li>A workload of 30 ECTS or more may be overwhelming for students not used to ETH's highly demanding academic environment.</li> <li>The majority of courses (generally <b>2/3</b>) must be taken within the assigned department.</li> <li>Students must have completed at least 2 years/120 ECTS of their studies at university level in a relevant study field before the planned start of the exchange period.</li> <li>ETH Zurich reserves the right to decline applications from students who have only recently started their studies at the sending institution and have not yet been able to establish a solid academic track record there, which is necessary in order to assess their ability to successfully study at ETH Zurich.</li> <li>More details are available in the <a href="#">Study Plan Guidelines</a> and <a href="#">Conditions set by the departments</a>.</li> </ul>
Project/Thesis work	<p>A) <b>With</b> a spot within one of our exchange agreements:</p> <ul style="list-style-type: none"> <li>Students must find a supervising professor at ETH Zurich on their own and be nominated by their home university before applying <i>within the regular application deadlines</i>.</li> <li>Project/thesis work is expected to be full-time. A combination of course work and a thesis/project must be discussed with the supervisor</li> </ul> <p>B) <b>Without</b> a spot within the exchange agreement:</p> <ul style="list-style-type: none"> <li>Students apply as <a href="#">project mobility students</a>. They must find a supervising professor at ETH Zurich on their own before applying.</li> <li>Project/thesis work is expected to be full-time.</li> <li>No study fees and no SEMP scholarship.</li> <li>These students can apply until 2 months before their desired start date.</li> </ul>

### Academic calendar and examination periods

Academic calendar	<a href="http://www.ethz.ch/semester-dates">www.ethz.ch/semester-dates</a>
Examination periods	ETH Zurich has unusually late examinations periods ( <a href="#">session examinations</a> ). There is a possibility for students to <a href="#">prepone examinations</a> under certain conditions.

## Learning Agreement and Transcript of Records

Learning Agreement	We will issue an electronically signed Learning Agreement based on the study plan approved by the Departmental Exchange Coordinators - we appreciate our partners accepting the SEMP Learning Agreement format. The Learning Agreement can be adjusted after the beginning of the semester. A final electronically signed Learning Agreement will be issued.
Transcript of Records	Grades are usually available online beforehand. Transcripts can only be issued after the end of the second examination and may take up to 6 weeks. Students have to request their transcript and may order up to three free transcripts of records from the study administration office of their assigned department.
Grading System	For more information see <a href="#">ETH Zurich's Grading System and ECTS Grades</a>

## Scholarships

SEMP scholarship	<ul style="list-style-type: none"> <li>• Incoming students within the Swiss-European Mobility Programme (SEMP) will receive a scholarship from the Swiss Government, paid by ETH Zurich.</li> <li>• Students with a spot* apply automatically for the scholarship by applying for their exchange period, no separate application is necessary.</li> <li>• SEMP has a <a href="#">semester scholarship of 5 monthly rates</a> per exchange semester, independently of the exact duration of stay.</li> <li>• Students can only receive a scholarship for one academic year during their exchange, i.e. students staying for two semesters covering two different academic years can receive only one semester scholarship in total. *Only project and thesis students nominated with a spot within an exchange agreement are eligible for a SEMP scholarship.</li> </ul>
"Grant for Eco-friendly Travel"	ETH is committed to sustainability and encourages all exchange students travelling from Europe to Switzerland to choose an environmentally friendly means of transport. Students who do so and send us proof of it before the start of the semester will receive a financial "top-up" towards covering part of their travelling expenses.
Heyning-Roelli Foundation	The Heyning-Roelli Foundation offers scholarships to talented students with financial constraints to help with travel and personal expenses. These are external funds and do not affect scholarships already granted within SEMP. Information on the conditions and application process may be found at <a href="http://www.heyning-roelli-stiftung.ch/index_en.html">http://www.heyning-roelli-stiftung.ch/index_en.html</a>
