The ones that do not have it, can not be chosen.</p> <p>Other school courses can be chosen, once authorized by the ETSA (12 ECTS per semester maximum).</p> <p><u>Places in the chosen courses and groups are not guaranteed.</u> It is convenient to have alternatives. Once enrolment is open, incoming students will be able to check the available places and choose groups. Students have to check that the courses do correspond to the semester of the stay (A or B), and that they have no overlaps.</p> <p>ETSA’s international relations office (IR) will send instructions about the chosen courses during the enrolment process. Changes will be accepted during the first 10 days of the semester.</p> <p><u>Students should attend courses from the first day, even if their enrolment is not confirmed.</u></p>
<p><b>Semesters*</b></p>	<p>Semester A: first week of September until end of January.</p> <p>Semester B: end of January until mid-June or end of June.</p> <p>*Assistance to class is compulsory. No incorporations are allowed once lessons are started.</p>
<p><b>Academic calendar</b></p>	<p>Each school at UPV has its own calendar, with minor variations over the general calendar. Master courses do normally start 2-3 weeks after the bachelor’s courses.</p> <p><a href="http://www.upv.es/entidades/ETSA/data/1125120normalc.html">http://www.upv.es/entidades/ETSA/data/1125120normalc.html</a></p> <p>*The ETSA international relations office is closed in August and a week in Christmas.</p>
<p><b>Welcome meetings</b></p>	<p>The OPII organizes a general welcome meeting for all the exchange students at the UPV. The ETSA organizes a welcome meeting also. The dates and places of both will be informed before the start of the lessons.</p>
<p><b>ETSA schedules</b></p>	<p>The schedules of the courses are published around June, in the same link of the ETSA calendar.</p> <p>The schedules of the courses could also be checked on the intranet of the UPV, once enrolled.</p>
<p><b>Language requirements</b></p>	<p>Spanish B1. If the student’s level of Spanish is inadequate, we do recommend they attend Spanish courses at the Instituto Cervantes, EdX, etc., before their arrival.</p>
<p><b>Spanish courses</b></p>	<p>The UPV organizes Spanish courses for exchange students during the semester, until C1 level. Interested students should request them in the “Spanish” tab of the application and they should do the placement test that is sent at the start of the semester. Courses at A1 level are only offered to students coming from Asia and KA107 program.</p> <p>During the first 15 days of the semester, the students who requested a Spanish course will be informed about how to enrol in them.</p> <p><a href="https://www.upv.es/entidades/OPII/infoweb/pi/info/1148896normali.html">https://www.upv.es/entidades/OPII/infoweb/pi/info/1148896normali.html</a></p> <p>There are also intensive courses before the semester, but they have to be paid.
