## Early Career Professionals University Graduates

---

**The smartest way to kick-start your career  
and give it a real momentum.**

**We offer an opportunity to take part in the largest scientific experiment in the world. Unique early careers programmes in a multicultural, multi-disciplinary environment.**

**A path to develop the next generation of scientific, technical, and administrative experts. **Origin.** Where your career begins.**

---

#### **WHAT WE OFFER:**

- An employment contract between 6 months (minimum) and 24 months (standard); with the possibility to extend up to 36 months.
- On-the-job and formal training.
- Competitive compensation net of tax around 5000 to 5500 Swiss Francs per month.
- 8 weeks' holiday per year.
- Membership of the CERN Health Insurance Scheme and Pension Fund.
- Depending on your individual circumstances: an installation grant, family, child, and infant allowances as well as travel expenses to and from Geneva.

#### **ELIGIBILITY CONDITIONS:**

- You are a national of a CERN Member or Associate Member State (<https://home.cern/about/member-states>).
- You have a Bachelor or Master degree and have no more than 2 years' relevant experience after obtaining your degree.
- If you are currently pursuing a degree, you are eligible to apply. Note that you are expected to have obtained your qualification by the time you take up your appointment at CERN.
- Applicants with a higher-level diploma are not eligible.
- You should have at least basic knowledge of English or French.
