

SPIE@ICFO María Yzuel Fellowship Awards

ICFO is aware of the importance of encouraging women's participation in science to enhance innovation, creativity and excellence in research.

The SPIE@ICFO María Yzuel Fellowship Awards aims to attract outstanding **woman* students** to undertake a **Final Degree Project**, a **Masters Thesis** or to participate in a Research Stay with one of our Research Groups.

In this call we offer the following fellowships, which cover funding for up to 12-months.

3 x SPIE@ICFO María Yzuel Fellowship Awards

Projects may be undertaken with any Research Group. Research lines include, but are not limited to, theoretical and experimental aspects of:

- Atto-Science, Ultrafast Optics & Nonlinear Optics
- Photovoltaics, Thermal Photonics & Solar Fuels
- Optical Sensing & Optoelectronics
- NanoPhotonics & NanoMechanics
- Ultracold Quantum Gases
- Quantum and Low-Dimensional Materials
- Quantum Communications, Sensing & Simulation
- Quantum Optics & Quantum Information
- Nanophotonics, Condensed Matter Physics & Light Matter Interactions
- Biophysics, Biophotonics & Super-Resolution Imaging

For further information about the research groups and activities at ICFO, please visit <http://www.icfo.eu/>
For additional questions, please contact us at jobs@icfo.eu.

*We welcome cis and trans women

Program details and applications are available at <https://jobs.icfo.eu/>
Deadline for applications: June 06, 2024
