

ITSC-IC Postersymposium

Approval of the Scientific Poster Content

Title of the Poster: _____

Name of the Participant: _____

The participant is obliged to show the poster in its final version in either electronic or printed form to the direct supervisor of the research lab course.

To be signed by the Research Lab Course Supervisor (PhD student, Post-Doc)

1. The scientific facts presented in the poster do not come into conflict with a confidentiality clause ("Sperrvermerk"). The participant is permitted to present the poster at the ITSC-IC poster symposium.

Signature of the Research Lab Course Supervisor

2. In order to provide adequate feedback to the participant on the poster content, the lab course supervisor is kindly asked to rate the quality of the poster by the following criteria. Please note that the poster will not be graded, thus your rating serves as a confidential feedback for the participant only. However, by your thorough feedback the chances for winning the poster price might be increased...

1 (very good) up to 5 (needs improvement)

Overall Scientific Accuracy: 1 2 3 4 5

Overall Organization of the Content: 1 2 3 4 5

Quality of Figures and Schemes: 1 2 3 4 5

Persuasive Introduction/Conclusions: 1 2 3 4 5

Formalities (Ref's, ACKs): 1 2 3 4 5
