Game Idea Pitch

Practical Course: Computer Games Laboratory

buseuh Simtertupier

- You are a lazy student (hard to imagine), so you're always late
- On this special day you want to go to the Oktoberfest
- Last member of group arriving at "Wiesn" has to pay all drinks that have been consumed until he arrives

10:50

- You're friends are already there
- You overslept, so you try to get to the Oktoberfest as fast as possible
- Damage limitation!

Marten

Haha Jingyi and Joseph still missing! xD

Ohhhhhhh!!! Guess who's gonna pay for our beer this year!!!

Dominik

Faaaaaaaaaaaaaaaaaaaaaaaacc

Concept 1/2

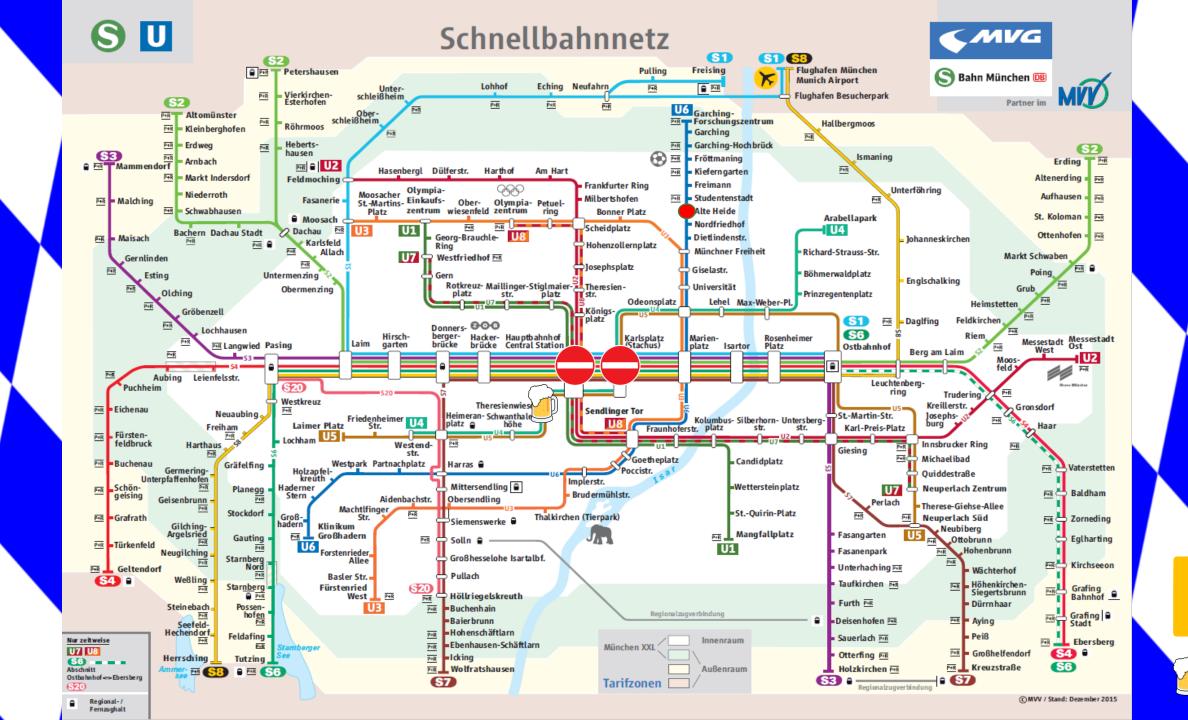

- Genre: Simulation
- Use the public transportation to get to the Oktoberfest
- Navigate Sepp to the Oktoberfest as fast as possible!
- Don't get catched by the ticket inspectors!

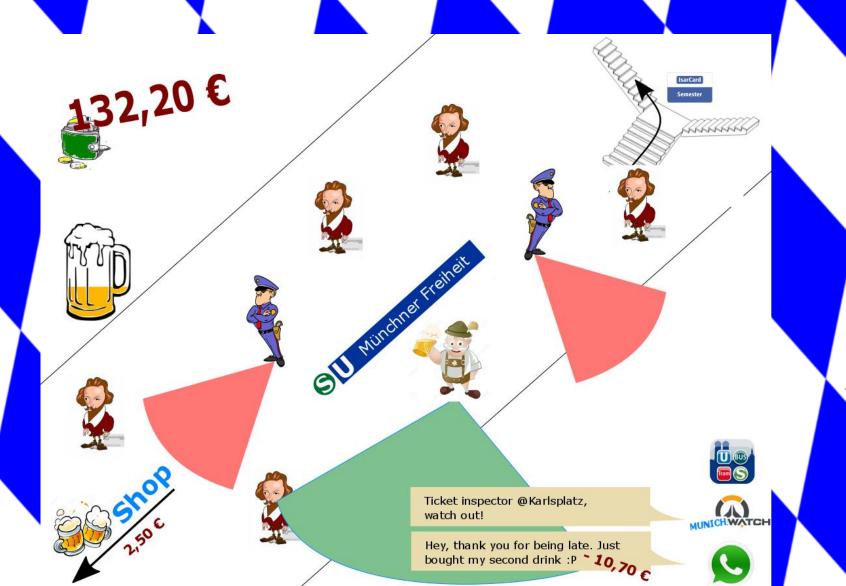

Concept 2/2

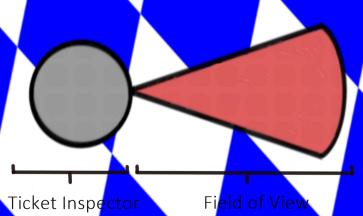

- Get drunk while riding the various public transportations!
- Mastering different levels of difficulty!
- Get locations of ticket inspectors from WhazzApp

Meall'smi

- Integrate the whole:
 - subway infrastructure (Low Target)
 - suburban railway infrastructure (Desired Target)
 - bus infrastucture (High Target)
- Real departing times (+ of course realistic delays)
- Real ticket prices
- Real prices for beers at shops and the Oktoberfest
- Real scaling for the prices during the years

Development Schedule

u o		Ongoing					Functional Minimum				Low Target				Desired Target

Aldditional Eargets

- Random events
- Individual (graphical) train stations
- Train delays
- Bus lines and/or cabs
- Random ticket checks
